# Your pathway to a degree from Edinburgh Napier University

Located on the iconic Craiglockhart Campus, EIC is an associate college of Edinburgh Napier University, providing pathways to degree programmes at undergraduate and postgraduate level for international students. EIC provides a friendly, supportive learning environment to start your UK study and will help you bridge the gap between your high school education and what is expected of you at university in the UK. With three intakes per year you have the flexibility to start your studies at the most suitable time for you. EIC is committed to providing access to Edinburgh Napier University degrees with exceptional student support services. With EIC you have the best chance of academic and personal success.

We offer two types of pathway at EIC. Our undergraduate pathways allow you to do your first or second year at EIC, and to progress into either second or third year of your Bachelor's degree at Edinburgh Napier University on successful completion. Our Pre-Master's pathway allows entry to a whole range of Master's Degrees at Edinburgh Napier University.

Additionally, there are three English Language courses available for 6 weeks, 12 weeks and 47 weeks depending on your level of English. You can start Intensive English Language in September, February or June.

# Welcome

## Message from the Principal and Vice-Chancellor of Edinburgh Napier University

Edinburgh Napier University is a community of scholars inspired by and connected to the world around us. Choosing to study with us is a wise move. Our courses blend academic challenge and work-related experiences and are shaped by the needs of employers, society and our students. We are in the top 20 in the UK for graduate employability, with 95.2% of our undergraduates in further work or study within six months of graduating; a reflection of our high-quality learning environment and the value placed on our graduates by employers.

We are committed to creating an environment where all our students feel proud, confident, challenged and supported. Our academic community empowers our students to take an individual lead in their learning and we provide a wide range of opportunities for learning outside formal courses, and for work experiences.

Scotland's capital city Edinburgh is internationally recognised as a destination of choice and is one of the most inspiring in the world. A richly diverse selection of employers in the city, coupled with Edinburgh Napier's proud history of links to industry makes it a great place to live, learn and work.

EIC offers an alternative entry point to programmes at Edinburgh Napier for students who are not ready to come to us directly. I hope you make that journey and upon successful completion of your preparation in the College, I look forward to welcoming you to the University.

**Professor Andrea Nolan OBE**  
Principal and Vice-Chancellor,  
Edinburgh Napier University

## Message from the Director of Marketing and Admissions at EIC

EIC is the first step towards your future. With great quality teaching and brilliant student support it is no wonder that 85% of our students say that they are satisfied with their experience in Edinburgh. We at EIC are very proud of our 96% progression rate to Edinburgh Napier University.

At Edinburgh Napier University the individual support continues. The University is focused on both a quality student experience and supporting you to launch your career through a range of initiatives supporting employability including; 'Confident Futures' workshops, credit-bearing work placements integrated into many of the degrees and study abroad opportunities. Over 95% of Edinburgh Napier University graduates are in work or further study within six months of graduating. All of this in one of the best student cities in the world!

Edinburgh itself is beautiful, well connected and has something to meet everyone's interests – from culture, history and sports to nightlife, music festivals and the arts.

I look forward to meeting you soon and helping you settle into life at EIC and Edinburgh, Scotland's stunning capital city!

**Rachel MacSween**  
Director of Marketing and Admissions, EIC

### We are internationally recognised.

In the recent QS Stars international university rankings, the quality of our teaching, internationalisation and employability were all officially recognised, with the University scoring five stars in each category.

# Launch your global career at Edinburgh Napier University

**As a truly international university, hosting over 18,000 students from more than 103 countries, Edinburgh Napier University has one of the best graduate employability rates in the UK. It is a fantastic choice for international students looking to obtain a world-class degree with first-class employment opportunities including embedded work placements.**

Edinburgh Napier University offers industry informed courses combining theory and practice to ready graduates for success in today's competitive global job market. 95.2% of our graduates are in work or further study within six months of leaving.\*

Our strengths in graduate employability are a result of:

- staff expertise and experience in research and knowledge transfer fed back into course development and teaching
- a strong focus on entrepreneurship and enterprise
- striving to create opportunities for work-based learning for students wherever possible.

Edinburgh Napier University is consistently ranked as one of the top modern universities in the UK. Many of the University's academic departments are also ranked as some of the highest in the UK, demonstrating the quality of teaching, research and employment opportunities available to students.

## Facilities

To support the promise of industry-ready graduates, Edinburgh Napier University is home to three campuses, all of which feature modern, well equipped and easily accessible facilities. The Craiglockhart campus is home to the largest business school in Scotland, with over 8,000 students. The Merchiston

campus has recently benefited from significant investment and is home to our Engineering and Computing students. Life Sciences students study at the Sighthill campus, which houses high-tech laboratories and excellent sport facilities.

EIC is located at Craiglockhart Campus, which is also the home of the Business School. It provides a welcoming and open environment for lecturers and students to come together. With Wi-Fi network access available throughout the whole campus, it also boasts some of the most modern teaching and learning facilities in Scotland.

The Lindsay Stewart Lecture Theatre, with the capacity to hold 200 people, has calculated lighting and ergonomically designed furniture, so students enjoy their lecture like nowhere else.

Each digital language lab is equipped with the latest software, which is ideal for EIC students when studying pathway courses. Self-study areas are located in the library on the ground floor, where EIC students can study independently and in groups. The library stock reflects all subjects taught at EIC, with computer, printing and photocopying facilities also available.

---

*95.2% of our graduates are in work or further study within six months of leaving (HESA 2014).*

---

Merchiston Campus has some of the most impressive IT and Engineering facilities of any UK university.

The Jack Kilby Computer Centre has 500 computers, with 24/7 access for all students. It boasts specialist labs including Cisco networking, general networking and embedded systems for Linux, and Microsoft technologies. Also development labs with high-spec PCs, PS3 development kits and NVIDIA enhanced machines provide computing students a great platform to study and practice.

\* HESA 2014.

The engineering labs allow students to develop their skills in transport, energy and renewables, advanced materials, construction technologies, innovative structures, timber engineering and wood science.

At Sighthill campus, EIC students can access state-of-the-art teaching labs for life sciences. These labs include confocal microscopes, molecular and protein biology equipment, a Class II containment facility for cell line and virus work, nanomaterial handling and characterisation equipment, a histology section and an in vivo testing facility.

There are also Biofuel research labs and facilities for assessing bioremediation in waste water and environmental biology laboratories, which allow students to observe freshwater species and terrestrial animals.

The [EN]GAGE sports centre includes a 200m<sup>2</sup> fitness suite and can cater for a wide range of different sports and exercise classes. These sports facilities are also open for EIC students seven days a week.

### Employability

As a modern university, Edinburgh Napier University offers students the chance to learn from renowned academics and industry experts. The University has an innovative approach to teaching, and many of Edinburgh Napier's degrees include a work placement, which can be up to a full academic year in length, where students can gain valuable professional experience that puts them one step ahead in the job market upon graduation. Many former students have gone on to work for some of the world's best known organisations, including Accenture, the BBC, BP, Ernst and Young, HSBC, L'Oreal and Microsoft.

Additionally, the 'Confident Futures' personal development programme – designed only for Edinburgh Napier students – offers a variety of free interactive workshops to help students maximise their employability skills and prepare individuals for the world of work. Students can choose from an extensive programme of workshops covering areas such as assertiveness, networking, goal setting, effective communication and creative problem solving.

### Edinburgh Napier University locations

Edinburgh Napier is a multi-site university with three campuses: Craiglockhart, Merchiston and Sighthill. They are all around 20 minutes from the city centre and easily accessible by public transport.

Edinburgh is easy to get around, whether by bus, tram, bike or on foot.

The map on the following page is designed to show you the best ways to travel between campuses and also details the locations of our student accommodation.

### Public transport

Our campuses are all on bus routes served by Lothian Buses, while Sighthill is also served by Edinburgh Trams. For Lothian Buses, live departures data is available from [mybustracker.co.uk](http://mybustracker.co.uk) and by downloading the Transport for Edinburgh app, which also includes details of Edinburgh Trams.

### Cycling

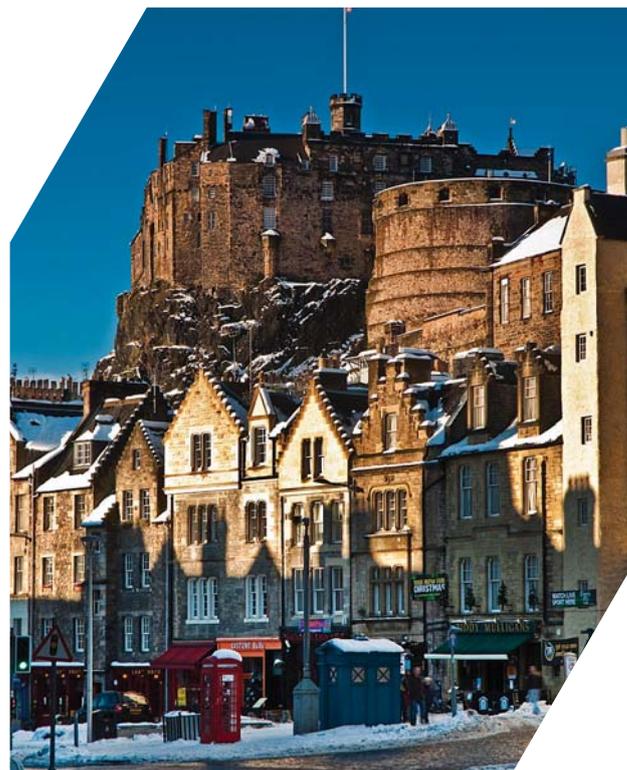

The percentage of people cycling in Edinburgh has nearly doubled in the past year as the city continues to develop and grow an extensive cycle network. All of our campuses are located close to cycle paths and offer bike storage. For details of Edinburgh's cycle network, pick up a dedicated map from any campus reception or go to [edinburgh.gov.uk/cycling](http://edinburgh.gov.uk/cycling).

### Car parking

Blue badge parking is available at all campuses.

Parking for students on campus is very limited but some student parking permits are available, subject to city-wide restrictions and charges. You can apply via myNapier. Limited on-street parking may be available but we urge the use of public transport.

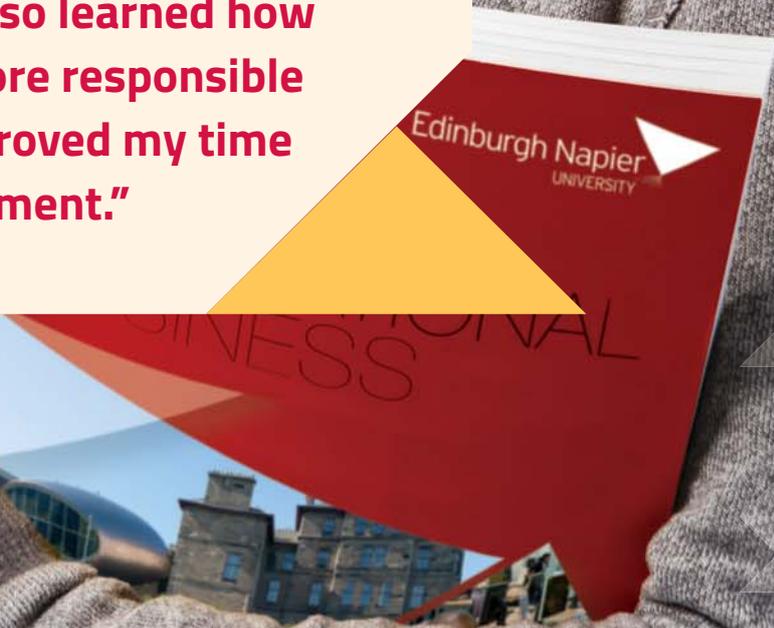

To plan any journey in Edinburgh or around the country, visit [travelinescotland.com](http://travelinescotland.com).

# EIC is **your pathway** to Edinburgh Napier University

**EIC provides pathways to internationally recognised degree programmes at Edinburgh Napier University. EIC offers a fantastic learning environment and gives you everything you need to excel in your studies.**

As an EIC student, you will benefit from:

- **Value for money:** course fees are competitively priced, so you will receive an affordable and high-quality education that gives maximum return on your investment.
- **A combined Offer of Admission:** EIC will provide you with an Offer of Admission for your entire programme, from your initial studies at EIC to your graduation from Edinburgh Napier University.
- **Flexibility:** EIC has three intakes per year, allowing you to start your studies at a time that best suits you.
- **Access to Edinburgh Napier facilities:** from your first day at EIC you will have full access to the University's facilities and services including state of the art 24 hour computer labs, modern and well-equipped teaching rooms, specialist labs and libraries. Balance your studies by joining the Edinburgh Napier Students' Association (ENSA) with clubs and societies to suit all interests.
- **Small classes with personalised attention:** EIC provides a personalised and supportive approach to learning, focusing on a small number of students in each class, with lecturers available after class to provide further guidance when you need it.

- **Accommodation options:** Edinburgh offers a wide range of accommodation to suit all needs and budgets from bespoke student accommodation to homestay and private accommodation; our expert staff will help you find the ideal option for you.
- **Dedicated student support services:** help and advice is available to you 24 hours a day, seven days a week, for any academic or personal issues you may be facing or even if you just want to have a chat!

## Semester study plans

You will study relevant subjects from the first day on campus, allowing you to acquire the necessary background knowledge and study skills to excel in your chosen degree.

The advantages of our programmes include:

- **A seamless transition to studies in the UK at Edinburgh Napier:** while the initial stages of university life are the most important, this is often the time when many students feel anxious or may require extra support, we at EIC understand this and help you transition through each stage and challenge.
- **Additional study support and unparalleled personalised attention:** extra academic contact hours and small group tuition allow you to fully develop your knowledge and understanding of each module and prepare for higher level studies.

## Undergraduate and postgraduate programmes at Edinburgh Napier University

Location & duration	Intakes	Structure	Assessment	Progression
<b>Year 1</b>				
EIC at Edinburgh Napier University Duration: two semesters	September and February	You will normally undertake three modules each semester. You will receive extra support through tutorials and individual consultation with teachers, as well as access to computer laboratories and other specialist laboratories where appropriate.	Assessment for most modules is continuous and includes examinations, assignments and case study analysis. These assessments comprise a variety of practical, laboratory, presentation and written components, depending on the requirements of the particular subject area.  Many modules have a final two hour examination.	Upon meeting standard progression criteria, you will move to Year 2 of your degree programme
<b>Year 2</b>				
Edinburgh Napier University Duration: two semesters	September and February	You will normally undertake three modules each semester to further study key areas within your degree. For some degrees, you will be able to specialise in, or concentrate on, a particular stream within a subject area.	As above.	After successfully completing this stage, you will progress to Year 3 of your degree programme
<b>Year 2 (Business Management only)</b>				
EIC at Edinburgh Napier University Duration: two or three semesters	September and February	You will normally undertake three modules each semester. You will receive extra support through tutorials and individual consultation with teachers, as well as access to computer laboratories and all University facilities.	Assessment for most modules is continuous and includes examinations, assignments and case study analysis. These assessments comprise a variety of practical, laboratory, presentation and written components, depending on the requirements of the particular subject area.  Many modules have a final two hour examination.	Upon meeting standard progression criteria, you will move to Year 3 of your degree programme
<b>Year 3</b>				
Edinburgh Napier University Duration: two semesters	September	You will normally undertake three modules each semester to further study key areas within your degree. For some degrees, you will be able to specialise in, or concentrate on, a particular stream within a subject area.	Assessment is via a mix of examinations, assignments, group work and presentations, practical and laboratory work (for science based degrees), in-class group projects and a dissertation.	After successfully completing this stage, you will progress to Year 4 of your degree programme.  You have the option of graduating after completion of Year 3 with a Bachelor's degree from Edinburgh Napier University.
<b>Year 4</b>				
Edinburgh Napier University Duration: two semesters	September	As above.	As above.	
<b>Pre-Master's</b>				
EIC at Edinburgh Napier University Duration: One semester (12 weeks)	September, June and February	While at EIC, you will study a series of modules that will prepare you for a seamless progression to your chosen taught Master's degree.	Assessment for most modules is continuous, and consists of examinations, assignments and case study analysis.	
<b>Master's</b>				
Edinburgh Napier University Duration: one academic year (12-15 months)	September and January	The Master's programme will offer you the opportunity to build on what you have learned during the Pre-Master's programme and extend your professional understanding about your particular area of study. A Master's degree usually consists of a series of specialist modules in structured class, seminar or tutorial formats.  A short research thesis component may be included and this prepares students for what is required for a research Master's degree. However, most coursework Master's degrees will have a final major project or dissertation component.	Modules will be assessed through examinations, assignments, essays or seminar performance. Assessment may also include individual or group projects and presentations. For most Master's degrees, preparing and submitting a major project or dissertation will form a large part of the assessment and final grade.	

# Your student life on campus

**At EIC we understand that moving to the UK to study is a big step and we are committed to helping you settle into your new life in Edinburgh. As an EIC student, you will have access to both EIC and Edinburgh Napier University services.**

## Academic support

Studying in a Scottish university may be different from your previous study experience. Our dedicated team of academic professionals and support staff will guide and encourage you throughout your studies to enable you to succeed in your chosen pathway. EIC has an on-site computer room as well as computer labs in Craiglockhart campus that are open to all EIC students.

At EIC you will benefit from small class sizes and additional one-to-one tuition if required. Our staff will also support you with IT and study skills such as proof reading and presentations.

## Personal support

Our student support team will help you with any non-academic needs you may have – from opening a bank account, personal issues, registering with a local doctor and accommodation support to settling into college life. EIC has a dedicated out-of-hours contact number for you, meaning help is available 24 hours a day, seven days a week.

## Student mentoring

To help support students throughout their studies, Edinburgh Napier has a number of programmes and drop-in sessions in place where students can get help and advice on issues such as accommodation, setting study goals, immigration and visa regulations, health and welfare, careers guidance, and making the most of your time at Edinburgh Napier.

## Orientation and enrolment

The orientation programme at EIC is a great opportunity for you to make new friends and meet the staff at the College. During orientation you will find out valuable information and guidance on university procedures, studying in the UK, academic information, living in Edinburgh, immigration regulations, health care and welfare support as well as a three week social programme event.

Enrolment at EIC takes place at the very beginning of each semester. Once you have enrolled you can join your classmates and will have full access to both EIC and Edinburgh Napier University facilities, including 24 hour computer suites, library resources, student support and much more.

## Student Representative Council

Each semester Student Representatives are chosen by their classmates to represent all students on issues such as timetabling, exam schedules, assessment methods, sports and social activities and student issues. This is a fantastic way for your voice to be heard, allowing the Student Representatives to raise any concerns in a constructive method with staff at EIC.

## Clubs and societies

Edinburgh Napier has a very active students association (ENSA) located in each campus who will support students throughout their time at University. The ENSA organise a number of social events providing opportunities to make new friends and become involved in a number of sports clubs and societies such as: football, cricket, photography and much more.

## Join us online

Visit the EIC website, [www.napier.ac.uk/eic](http://www.napier.ac.uk/eic), for the most up-to-date information on applying to study at EIC, accommodation, campus facilities, course fees and our pathway options.

Join EIC on Facebook: [facebook.com/eicstudents](https://facebook.com/eicstudents) and Instagram: [EIC\\_STUDENTS](https://instagram.com/EIC_STUDENTS), and find out what our students are up to as well as information on events in your home country where you can meet with our Marketing Team.

## EIC at Edinburgh Napier University Accommodation

### Studying with EIC at Edinburgh Napier University will mean that you have the opportunity to live in one of the great European cities.

At EIC, we can offer you different accommodation options; our university accommodation is located very close to the heart of Edinburgh's vibrant city centre and only a short walk away from Edinburgh Napier University's Merchiston campus.

#### En-suite room

At Edinburgh Napier University's Bainfield accommodation, you can book an individual en-suite study bedroom which includes:

- individual bathroom (shower, WC and wash hand basin)
- shared, fully-equipped kitchen and living space in every apartment
- electricity, communal cleaning and Wi-Fi internet access at no extra cost
- 24 hour security including CCTV and an on-site accommodation office.

You will live with other EIC students, making it the perfect place to make new friends and to get to know your classmates. Once you have received an unconditional offer, you will receive all the necessary information on how to apply for your accommodation, how to pay and when to arrive.

#### Host family

If you prefer to stay with a host family in Edinburgh, EIC works with a dedicated provider who regularly inspects their families' homes to ensure they meet health and safety and welfare requirements. Host families are a great way to improve and practice your English while getting to experience British culture first hand. There are various options including self-catering, B&B and half board as well as single or shared rooms and shared or private bathrooms.

# Your life

## *in Edinburgh, Scotland*

**Edinburgh, regularly voted as the number one city in the UK to live and work, offers one of the world's best student living experiences. Edinburgh attracts over 100,000 students each year, one in five people living here are students, and the city provides a wide variety of student employment and accommodation options, largely as a result of a global reputation as a safe, welcoming and bustling tourist destination.**

### **The perfect city for international students**

Edinburgh International Airport is a busy hub for flights from all over the world. Regular flights between Edinburgh and Paris, Amsterdam, Qatar and London mean students can arrive easily and quickly. If you decide to stay in Edinburgh during holidays, there are plenty of part-time work opportunities available, which is a great way for you to improve your English, understand the culture and make new friends.

### **What else?**

During the summer festival season, Edinburgh becomes the 'Arts Capital of the World'. The city hosts a variety of festivals each year, catering for fans of everything from comedy, film and literature to food and music. There truly is something in Edinburgh for everyone.

Winter turns the city into a winter wonderland, the German Christmas market giving students a different taste of Europe.

Edinburgh is an excellent hub from which to discover and explore the Highlands of Scotland where you can enjoy outdoor activities such as skiing, sailing and mountain biking.

*There truly is something in  
Edinburgh for everyone.*

### **Welcome to Scotland - an ambitious nation**

Scotland welcomes ambitious students looking to make a big impact, with many of the nation's alumni offering lasting legacies in global business, pioneering research and creative arts. Attracting 46,000 international students each year, Scottish education has been at the forefront of learning for over 600 years, acting as a blueprint for education systems across the globe. A renowned tourist destination, Scotland benefits from some of the world's most unique areas of natural beauty that are easily accessible from the cosmopolitan, student focused cities, that are rich in both history and culture.

## Notes to the following pages

\* Note that tuition fees are subject to change and there may be an annual increment in the cost of tuition fees while you are at the University taking into account the following circumstances:

a. any increases set or prescribed by regulatory bodies (other than the University) such as the Student Awards Agency for Scotland (SAAS) and the UK Government and/or

b. changes to the cost of delivering our programmes. Factors taken into account include inflationary measures such as the retail price index (RPI), projected increases in university costs, changes in the level of grant from the Scottish Funding Council, costs of provision of teaching, supervision and course-related facilities.

Over the past three years, the average level of increase has been 5.8% p.a. for self-funding students (excluding those studying on programmes where fee levels are fixed by the Scottish Government e.g. Scottish/EU students on full-time undergraduate programmes. For 2017 entry it is expected that undergraduate tuition fees will increase by 1.16%.

# Accounting and Finance

Edinburgh Napier's courses are based within the Business School at Craiglockhart, boasting some of the most modern teaching and learning facilities in Scotland.

Students will develop the skills, creative thinking and strategic planning that are required to successfully chart a business course through financial waters. Most importantly, Edinburgh Napier's courses are accredited by the major UK accounting institutes, including the Institute of Chartered Accountants of Scotland (ICAS).

You will learn and develop a combination of accounting, finance and other business skills. These include specific accounting techniques and policies relating to corporate finance, tax, auditing, corporate governance and statistics. In addition, transferable skills of time management, project management, communication, collection and management of data, and IT will all serve you well whatever your eventual field of work.

Accounting courses achieved

98%

student satisfaction (NSS 2014)

# Computing

Edinburgh Napier University offers students an extensive range of Computing degree programmes, many of which are accredited by the British Computing Society (BCS). This allows students to choose a programme that is linked to specific areas of interest and that is recognised by employers worldwide.

With over 50 academics and 1,000 students, Edinburgh Napier has one of the UK's largest computing departments. University graduates are working for industry giants such as Adobe, Microsoft and Oracle, and are building the global economy with innovative new companies. Edinburgh Napier's Computing degrees are designed in partnership with industry leaders.

Students also benefit from specialist facilities including digital media, embedded and wireless systems, digital forensics, audio and games development laboratories.

Throughout the four years of study, students will learn the processes involved in bringing a project to completion, as well as communication, teamwork, reporting skills and other transferable skills.

Employability is built into every stage and work placement options allow students to gain valuable work experience, making graduates especially valuable in the eyes of prospective employers.

Edinburgh Napier University jointly runs e-Placement Scotland, helping students find full or part time flexible IT work placements.

## 90%

*of computing students are in work or further study within six months of graduating (HESA 2013/14)*

### Employment and career options

Potential careers in computer system management, digital security, network design, network management and support, online security management, software development & engineering and web design.

### Average starting salaries

£15,000-£18,000  
(within six months, UniStats 2014)

### English language entry requirements

IELTS 5.5/ no element below 5.5 or equivalent.

If you do not meet the direct entry English language requirements, you can study a 12 week or 6 week Pre-sessional English programme, all on the same visa for the duration of your pre-sessional and academic studies.

**12 week pre-sessional English entry requirements:**

BEng (Hons) Computer Security and Forensics

BEng (Hons) Computer Systems and Networks

BSc (Hons) Information Technology Management

BEng (Hons) Software Engineering

# Civil Engineering

EIC's Civil Engineering students apply theory to real world practical workplace situations such as planning and delivering airports, roads, bridges and railways. You will learn about policy relating to infrastructure, and develop the creative and analytical skills needed to envisage and implement effective structural projects.

As a civil engineering student, you'll be responsible for the planning, design, construction and maintenance of structures and transport networks. We teach you how to plan and deliver the elements that make these up, such as airports, roads, bridges and railways. We offer the opportunity to apply theory to practice with site visits (some overseas) and an industry based work placement. Placements are particularly useful in helping you decide your future career goals and may even lead to guaranteed employment on graduation.

The honours course is accredited by the Institution of Civil Engineers, the Institute of Highway Engineers, The Chartered Institution of Highways & Transportation and the Institution of Structural Engineers, meaning students will receive a highly regarded professional qualification as well as a degree.

# Engineering

Edinburgh Napier University is ranked 2nd in Scotland for Engineering\*, making it one of the UK's best universities for studying this subject. The University's degrees are accredited by professional bodies such as the Energy Institute and the Institution of Engineering Technology (IET). These accreditations are internationally recognised and will help secure employment regardless of where in the world students want to work.

Scotland is famous across the world for its energy industry. Edinburgh Napier University is home to the Scottish Energy Centre, conducting specialist research in renewable energy sources including wind, hydro and solar power as well as fuel cell technology. With an Edinburgh Napier degree students will be well-placed to gain employment in the global energy sector.

Our programmes will help students understand the importance of Engineering in today's global society. Work placement opportunities are available to help put learning into practice and gain valuable work experience with leading employers. After completion of an Honours degree students will be eligible for partial Chartered Engineer status, giving access to a wide range of careers.

BEng (Hons) Mechatronics

BEng(Hons) Polymer Engineering

## BEng (Hons) Energy and Environmental Engineering

The BEng (Hons) Energy and Environmental Engineering is an industry-driven programme equipping students with professional expertise in energy generation and management. The degree provides a solid basis for efficient fossil fuel management, but also places particular focus on renewable energy sources including:

- hydro turbine selection & design
- solar heating and electric systems design and specification
- wind turbine design and selection

Students will study modules including Advanced Energy Systems, Energy Systems Design, Mechanics & Thermo Fluids and Renewable Energy and Sustainability.

## Optional summer internship programme between Years 3 and 4

The University has strong relationships with a variety of employers such as AMEC, BP Energy, WL Gore, and will help you find a placement to suit your future.

\* Guardian, 2015.

# Hospitality Management

Edinburgh offers an ideal place to study hospitality, with travellers and tourists from all over the world visiting annually. Hospitality and tourism businesses flourish here, so you'll have plenty of opportunities to gain practical work experience through university placements and part-time work if you choose to do so.

You will study the principles of hospitality management and apply these to practical situations, preparing you for a management career in the hospitality and tourism industries.

Develop your skills in the design, delivery and management of food, beverage and accommodation to top industry standards, within a global business environment.

## Employment and career options

Accommodation services, food and beverage management, retail management, sales and marketing and tourism management.

## Average starting salaries

£15,000-£19,000 (within six months, UniStats 2014)

## English language entry requirements

## Why study **your** Pre-Master's at EIC?

### Because it helps you:

- prepare with a short 12 week preparation course
- if you come from a different academic background
- if you do not meet the University's direct entry requirements
- if you have been away from studies for a period of time.

### A postgraduate degree from Edinburgh

### Napier University will enable you to:

- graduate from one of the top ranked UK universities for employability
- enhance your future job opportunities
- study at a world-class university in one of Europe's most popular tourist destinations
- specialise in a different and new area of study.

### Notes to the following pages

\* Note that tuition fees are subject to change and there may be an annual increment in the cost of tuition fees while you are at the University taking into account the following circumstances:

- a. any increases set or prescribed by regulatory bodies (other than the University) such as the Student Awards Agency for Scotland (SAAS) and the UK Government and/or
  - b. changes to the cost of delivering our programmes. Factors taken into account include inflationary measures such as the retail price index (RPI), projected increases in university costs, changes in the level of grant from the Scottish Funding Council, costs of provision of teaching, supervision and course-related facilities.
- Over the past three years, the average level of increase has been 5.8% p.a. for self-funding students (excluding those studying on programmes where fee levels are fixed by the Scottish Government e.g. Scottish/EU students on full-time undergraduate programmes. For 2017 entry it is expected that undergraduate tuition fees will increase by 1.16%.

# Accounting & Finance and Banking

Edinburgh Napier University's Accounting and Finance degrees are accredited by the UK's major accounting institutes and give access to a wide variety of related careers. Based at the stunning Craiglockhart campus, students can enjoy a blend of old and new. Housed within historic buildings are facilities designed to give students the best learning environment possible.

On this programme students learn the principles of accounting and finance, working in teams that mirror the business working environment. Students are encouraged to develop critical evaluation skills that allow them to analyse and apply financial knowledge to areas of business. Teamwork skills are emphasised, as students work collaboratively with fellow students from a variety of disciplines and backgrounds. Research and presentation skills will be developed throughout the taught modules as students prepare for their final dissertation.

*In 2014,  
we celebrated*

# 50

*years of learning,  
having opened  
in 1964 as  
Napier Technical  
College.*

## Employment and career options

A postgraduate degree in Accounting and Finance will help to open opportunities with traditional accounting firms, commercial organisations or the public sector, including accounting, banking and general management positions.

## English language entry requirements

IELTS 5.5/ no element below 5.5 or equivalent.

If you do not meet the direct entry English language requirements, you can study a 12 week or 6 week Pre-sessional English programme, all on the same visa for the duration of your pre-sessional and academic studies.

# Business Management

Edinburgh Napier University's highly rated modern Business School can offer tuition that is supported by experienced teaching staff and strong industry connections. Guest speakers from the corporate, government and financial worlds give real world perspective and ensure students gain an understanding of current business issues.

The skills needed to succeed in today's business world are varied. Students learn to creatively address the issues of competition and sustainability while obtaining knowledge of the global business and economic surroundings.

The course instils leadership and team development skills, as well as theoretical and practical knowledge of other managerial and organisational methods. Students graduate with an advanced understanding of the complexities of economics and business.

*More than half of our research was rated either "world-leading" or "internationally excellent" in the 2014 Research Excellence Framework (REF).*

## Employment and career options

Business is constantly in need of employees qualified at a postgraduate level. Students' enhanced level of skill will equip them for a wide range of managerial positions in the industry of choice including banking, insurance and other financial sectors.

# Film

Located within the School of Arts and Creative Industries and taught at the Screen Academy Scotland, Edinburgh Napier University's degree in Film has been designed to help students embark on a career as a professional in disciplines such as cinematography, directing, editing, producing or sound.

Teaching is through a combination of collaborative, shared modules, and modules that are geared to each individual discipline. Coursework consists of a large number of practical exercises and projects that allow students to deepen their own technical, creative and professional film-making skills. The year's work culminates in a major project module in which students will work, in their chosen discipline, on one or more short fiction films.

*Your qualification carries Screen Academy status, the only film qualification in Scotland to offer this, and one of only a few throughout the UK.*

## Employment and career options

On completion of this course, graduates are expected to be ready to take up an entry level job in the industry, or, in the case of outstanding students, set themselves up as an independent practitioner as Cinematographer, Director, Editor, Producer or Sound Engineer. Screen Academy graduates have had their films screened at festivals in cities around the world, including Beijing, Edinburgh, Kolkata and Venice. Many have gone on to win awards and commissions for TV and feature films projects.

# *Essential* information

# Your English language preparation

**EIC provides access to a range of study options to suit students' individual English language needs through the University's Pre-Sessional English courses. EIC will advise on the most appropriate study option based on previous English results, as well as UK Government requirements.**

To enter an undergraduate or Pre-Master's programme at EIC, students must be able to demonstrate they have a suitable level of English proficiency. Students can do this by obtaining an overall IELTS score of 5.5 with 5.5 in each competency.

We can also accept equivalent English language qualifications. Please contact our Admissions Office at [admissions@eic.napier.ac.uk](mailto:admissions@eic.napier.ac.uk) for further information.

## Pre-sessional English

Students who are unable to meet EIC's English language entry requirements have the option to study pre-sessional English at the University. The English language courses take place at Edinburgh Napier University's Craiglockhart campus, and successful completion of the English language course guarantees a place on your programme of choice. Students studying the 6 or 12 week pre-sessional course will be given one visa for the duration of their English and academic study.

By completing an English language course you will:

- increase your understanding of English
- improve your pronunciation, grammatical skills and reading comprehension
- develop a broad, academically useful vocabulary
- improve your ability to participate in seminars and take useful lecture notes
- build on your writing skills for essays, reports and assignments
- become confident in public speaking and delivering presentations
- develop research skills so you can read academic texts, journals and papers efficiently and effectively
- develop the independent study skills required for success in a university environment.

Pre-sessional English language is offered directly prior to each academic intake.

Following your English language classes of a minimum 20 hours per week and satisfactory completion, you will progress to the academic part of your programme at EIC.

Programme	Entry requirements	Cost	Visa
6 week programme	IELTS 5.5 (no element below 5.0) or equivalent	£1,320*	One visa for duration of pre-sessional and academic studies
12 week programme	IELTS 5.0 (no element below 4.5) or equivalent	£3,130*	One visa for duration of pre-sessional and academic studies
47 week programme	IELTS 4.0 (no element below 4.0) or equivalent	£8,330*	Separate visa required for pre-sessional and degree programme

\* Correct at time of printing. All EIC course fees are subject to review. For the most up-to-date fee listings, please visit [www.napier.ac.uk/eic](http://www.napier.ac.uk/eic).

# Your admission requirements

**At EIC, we understand each student is unique. Our friendly Admissions Office considers each application individually and will make an offer that is specific to students' background and desired area of study.**

If individuals are unsure of the suitability of their qualifications and educational background, they should complete and submit an Application Form.

We will assess their application and respond as soon as possible. If students have any queries or need help submitting the application, they should contact EIC or one of our representatives.

# Your academic entry requirements

Country/ Region	Undergraduate pathway		Postgraduate pathway
	Stage 2 (First Year Degree)	Stage 3 (Second Year Degree)	Stage 1 (Pre-Master's)
Azerbaijan	Completion of Atestat with minimum GPA 2.0	Completion of Atestat with minimum GPA 3.2	Bachelor's degree or equivalent
Bangladesh	Completion of HSC with minimum GPA 2.0	Completion of HSC with minimum GPA 3.0	Bachelor's degree (with Hons) or equivalent

\* Edinburgh and Glasgow airport only.

A young man with dark hair and glasses, wearing a light blue button-down shirt, is smiling warmly at the camera. He is sitting in a modern, brightly lit university building with large windows and a curved ceiling. In the background, other students are visible, some sitting at tables. The overall atmosphere is bright and positive.

**“Edinburgh is a lovely place to live and study. EIC has helped me to become more independent, and the College has supported me in adapting to life and study in the UK.”**

**My EIC: Kevin Varghese, India** *Biomedical Science*

**"The courses are made to fit the requirements of the students. I like the technology and facilities available throughout the city and the University campuses."**

**My EIC: Raj Vora, India** *Mechanical Engineering*

# Navitas bursaries and scholarships

## Navitas family bursaries

Navitas offers financial support in the form of family bursaries. A bursary applies where two or more students from the same family study with a Navitas member institution.\*

The bursary is equivalent to 10 per cent of the tuition fee of your programme of study.†

## Navitas academic merit scholarships

Navitas is committed to helping you achieve your career goals by offering scholarships to outstanding students.

Each term, Navitas colleges\* award two students with academic merit scholarships.

For more information, talk to an Advisor at your college about how to apply for a merit scholarship or visit individual college websites and search for 'scholarships and bursaries'.

\* The Navitas family bursary and academic merit scholarships are offered to students studying at ACBT, BCUIC, Curtin College, Curtin University Sydney, Curtin Singapore, CRIC, Deakin College, Deakin College Indonesia, EIC, Eynesbury, FIC, Griffith College, HIC, ICM, ICP, ICRGU, ICWS, La Trobe Melbourne, La Trobe University Sydney Campus, LBIC, Navitas at FAU, Navitas at UMass Boston, Navitas at UMass Dartmouth, Navitas at UMass Lowell, Navitas at UNH, NIC, PIBT, PUIC, SAIBT, SIBT and UCIC only.

† Certificate programmes may also be known or registered as Foundation Studies or University Transfer Programme Stage I. Diploma programmes may also be known or registered as Undergraduate Pathway, University Transfer Programme (UTP), University Transfer Programme Stage II, University Pathways Programme.

‡ The Navitas bursary is not applicable to any English language programme or any component of an English language programme offered by a Navitas member institution.

§ The supporting documentation that is required will depend on the country where the student is enrolled.

\*\* Navitas academic merit awards are offered to students studying in the UK at CRIC, EIC, HIC, ICP, ICRGU, ICWS, LBIC, PUIC and BCUIC only. This information is correct as at the time of printing and may be subject to change without notice or at the discretion of Navitas member institutions or Navitas Limited.

## Education for your world

Navitas provides you with the education you need, to get where you want to be in life. From English language skills and courses to help you enter university, to training for the workplace, Navitas colleges and campuses in 28 countries will support you every step of the way.

With over 120 Navitas and SAE Institution locations across the globe, and over 80,000 students currently studying with us, we understand the world's learning needs. We've become one of the most trusted providers of education and training in the world.

Navitas offers to students, professionals and migrants from around the world, the following opportunities:

- English language training
- High school studies
- University preparation and programmes
- Post-secondary education for creative media technology
- Career advancement programmes
- Student recruitment
- Internship programmes
- Migrant settlement services

We also offer customised workplace training for companies, and a range of training and settlement services for the Australian Government. Wherever you are, and wherever you want to be, the knowledge and resources of our staff around the world will ensure your success.
